

# The Canadian Geographer/Le Géographe canadien

## How to Submit Manuscripts

Contributors of French language submissions should submit their manuscript files to Dr. Marius Thériault, [Marius.Theriault@esad.ulaval.ca](mailto:Marius.Theriault@esad.ulaval.ca), Université Laval.

Contributors of physical geography submissions in English should submit their manuscript files to Dr. Ian Saunders, University of British Columbia Okanagan [iansaunders@ubc.ca](mailto:iansaunders@ubc.ca).

Contributors of English language submissions of all other kinds are asked to submit their manuscripts electronically through our on-line journal management and publishing system website: <http://www.canadiangeographer.ca/>.

New contributors will be asked to register and to select a username and password. Contributors will receive an email confirming the receipt of their manuscript. Contributors not receiving a receipt should follow-up with the editor ([tcg.editor@cag-acg.ca](mailto:tcg.editor@cag-acg.ca)) to confirm the submission.

**Please note that this on-line system is being launched in April 2009. We thank you for your patience as we adapt to this new system.**
