

Where ideas work

Ministry of Water, Land and Resource Stewardship Victoria

This posting is to establish an eligibility list for future permanent and/or temporary vacancies. Currently we have a temporary appointment available until April 1, 2025, that may be extended or become permanent.

Provincial Terrain Information Specialist \$70,683.48 - \$89,678.84 annually

Natural Resource Information & Digital Services (NRIDS) is the information management/information technology (IM/IT) service provider and organizational partner to the Natural Resource Ministries (NRM). As the centralized authority for all information, geospatial data, and technology across the NRM, NRIDS is leading the transformation and modernization of business practices through new and innovative technology solutions, continuous improvement projects and operational IM/IT solutions.

Reporting to the Unit Head of the Terrestrial Ecosystem Information unit, the Provincial Terrain Information Specialist provides senior geomorphological professional advisory services, leading the collection, management, interpretation, and use of terrain and soils-related information in support of natural resource decision-making.

The BC Public Service is committed to creating a [diverse workplace](#) to represent the population we serve and to better meet the needs of our citizens. Consider joining our team and being part of an innovative, inclusive and rewarding workplace.
